² The debtors—Policy Services, Inc., Wizard Mode Media, LLC, deeproot Pinball LLC, deeproot Growth Runs Deep Fund, LLC, deeproot 575 Fund, LLC, deeproot 3 Year Bonus Income Debenture Fund, LLC, deeproot BonusGrowth 5 Year Debenture Fund, LLC, deeproot Tech LLC, deeproot Funds, LLC, deeproot Studios, LLC, and deeproot Capital Management, LLC—are referred to herein as “**Debtors**” or “**deeproot Entities.**”

I. PRELIMINARY STATEMENT

1. From late 2012 to mid-2021, Robert J. Mueller (“**Mueller**”), the sole principal and manager of the Debtors, orchestrated a Ponzi scheme wherein he persuaded investors (typically retirees) to cash out annuities and individual retirement accounts and invest the funds in Mueller’s various investment funds, including but not limited to the deeproot BonusGrowth 5 Year Debenture Fund, LLC (the “**5 Year Debenture Fund**”), the deeproot 575 Fund, LLC (the “**575 Fund**”) and deeproot Growth Runs Deep Fund, LLC (the “**dGRD Fund**” and collectively the “**Subsidiary Funds**”). Beginning in 2012, the deeproot Entities offered and sold life settlements. However, after the Texas Supreme Court’s 2015³ decision holding that life settlements constituted securities under the Texas Securities Act, the deeproot Entities began to offer and sell debenture bonds. Investors would be located through insurance agents, wealth advisors, and other financial professionals (the “**Finders**”). The vast majority of the Finders were not licensed to sell securities as broker-dealers or registered investment advisors. Monies invested in the Subsidiary Funds were eventually transferred to deeproot Funds, LLC before being paid out to investors in the form of interest payments, dividend payments, or withdrawals of principal. deeproot Funds, LLC was the parent of the Subsidiary Funds, and Policy Services, Inc. was the parent of deeproot Funds, LLC.

2. On August 20, 2021, a few weeks prior to the filing of the Debtors’ bankruptcy cases, the United States Securities and Exchange Commission (“**SEC**”) initiated a civil action against Mueller and several of his entities for violations of federal securities laws.⁴ As a result of that investigation, it became clear that Mueller not only funneled money to his other related entities from the investment funds and used investors’ money to prop up his ultimately unsuccessful

pinball business, but Mueller also used new investor money to pay moneys owed to earlier investors, making the deeproot Entities a Ponzi scheme. Almost all of the deeproot Entities' investors lost every dollar they invested.

3. The Finders contracted with deeproot Funds, LLC and received finders' fees and commissions in exchange for finding new investors into the deeproot Entities' Ponzi scheme. The commissions and fees received by Finders that were not registered as investment advisors or broker-dealers are contrary to securities laws and these unregistered finders are liable to investors and creditors of the deeproot Entities.

IV. FACTS

10. Mueller served as the principal of all of the deeproot Entities and orchestrated a Ponzi scheme wherein he offered and sold securities to individuals for investment in pooled investment funds. Mueller then used the invested money to fund his other business ventures, including his pinball machine business. He also used the money to fund his lavish lifestyle. Crucially, Mueller used later investors' money to pay fictional returns to earlier investors.

A. The deeproot Entities and the Ponzi Scheme

11. A Ponzi scheme is “a fraudulent investment scheme in which money contributed by later investors generates artificially high dividends or returns for the original investors, whose example attracts even larger investments.” BLACK’S LAW DICTIONARY, Ponzi scheme (11th ed. 2019). A Ponzi scheme operates by using money from new investors to pay earlier investors, typically “without any operation or revenue-producing activity other than the continual raising of

new funds.” *Id.* “[A] Ponzi scheme is, as a matter of law, insolvent from its inception.” *Janvey v. Alguire*, 647 F.3d 585, 597 (5th Cir. 2011).

12. The deeproot Entities commenced operations in 2012. The first entity formed was Policy Services, Inc. deeproot Funds, LLC is a direct subsidiary of Policy Services, Inc. The Subsidiary Funds were formed as direct subsidiaries of deeproot Funds, LLC. A review of the deeproot Entities’ QuickBooks files and other financial books and records revealed that all of the investment advisors and wealth managers that contracted to find investors for deeproot Funds, LLC were paid commissions and fees from Policy Services, Inc.

13. Policy Services, Inc. and its subsidiaries never received an initial equity investment, and the deeproot Entities were all insolvent as of inception in 2012 and continued to operate at a loss. The deeproot Entities gave the appearance of profitability, which Mueller used to entice new investors and obtain new money from investors. The deeproot Entities offered investments at higher-than-market levels of return—for example, deeproot BonusGrowth 5 Year Debenture Fund, LLC’s five-year debenture bonds were offered for a 7% return in 2014, which was nearly seven times more than the national rate for five-year debenture bonds at the time, according to data available from the Board of Governors of the Federal Reserve. *See Exhibit A.*

14. There was no recorded capital investment on the balance sheet, and disbursements to Mueller and others were improperly recorded as assets rather than expenses, further boosting the appearance of profitability. After recharacterizing the disbursements as expenses, the equity for Policy Services, Inc. was \$(1,490,187) for the year ending on December 31, 2013, and \$(423,785) for the year ending on December 31, 2012. Policy Services and its subsidiaries had minimal revenue and had no net income as of at least December 31, 2012. Policy Services, Inc.

continued to operate at a loss from the time of its inception and all of the deeproot Entities remained insolvent until filing for bankruptcy on December 9, 2021 (“**Petition Date**”).

15. Since there was no source of revenue, the deeproot Entities relied on newly invested money to fund operations and make payments to earlier investors. From 2013 until 2021, deeproot Funds, LLC used new investor money to pay interest and dividends to earlier investors. For example, during the final three years of the deeproot Entities’ operation, the following payments were made: (1) in 2019, deeproot Funds, LLC received \$18,300,190.00 from new investors and used \$1,074,885.00 to previous investors; (2) in 2020, deeproot Funds, LLC received \$7,093,055 from new investors and used \$1,333,554.00 to pay previous investors; and (3) in 2021, deeproot Funds, LLC received \$10,827,147 from new investors and used \$918,391.00 to pay previous investors.

16. Based upon the books and records of deeproot Funds, LLC revealed that the entity only generated \$865 in revenue during the nine years of its existence. Policy Services, Inc. had only minimal revenue from the time of its inception in 2012.

17. On December 9, 2021, the deeproot Entities each filed for relief under title 11 of the United States Code. The Bankruptcy Cases were ordered to be jointly administered under the lead case *In re: deeproot Capital Management, LLC*, 21-51523.

18. On or about December 21, 2021, John Patrick Lowe was appointed as Chapter 7 Trustee of the Debtors’ jointly administered Bankruptcy Cases.

B. Finders

19. As the principal of the deeproot Entities, Mueller (through deeproot Funds, LLC) contracted with Finders all across the country to locate new investors and raise money for the deeproot Entities. A securities broker-dealer is defined as “any person engaged in the business of

effecting transactions for the account of others.” 15 U.S.C. § 78c. Broker-dealers are required to register as such with the SEC. 15 U.S.C. § 78o. Prior to 2015, the deeproot Entities offered and sold life settlements. After the Texas Supreme Court’s 2015 decision holding that life settlements are securities, the deeproot Entities offered securities in the form of debenture bonds.⁵

20. The vast majority of the deeproot Entities’ contracted Finders were unregistered as broker-dealers despite the fact that they engaged in transactions to facilitate the sale of securities, including debenture bonds and life settlements.⁶ The Finders that were registered investment advisors or broker-dealers failed to conduct the requisite due diligence into the financial condition of the deeproot Entities when making investment recommendations to clients. The deeproot Entities relied on these Finders to bring in a steady flow of money because there was no other source of revenue for the deeproot Entities other than newly invested money because the deeproot Entities continuously operated at a loss.

21. Monies invested with one of the Subsidiary Funds were eventually transferred to deeproot Funds, LLC, which was the principal entity that handled payments to investors, before being transferred elsewhere. The Finders typically entered into contracts with deeproot Funds, LLC to be paid fees (the “**Finder Fees**”) based off of the amount of money invested in one of the

⁵ The deeproot Entities obtained Form D exemptions from the SEC to offer these securities.

⁶ Courts have recognized a so-called “finder’s exception,” which permits a person to “perform a narrow scope of activities without triggering the b[r]oker/dealer registration requirements,” such as “[m]erely bringing together the parties to transactions, even those involving the purchase and sale of securities, is not enough” to warrant broker registration. *S.E.C. v. Kramer*, 778 F. Supp. 2d 1320, 1336 (M.D. Fla. 2011) (quoting *Salamon v. Teleplus Enter., Inc.*, No. 05-2058 (WHW), 2008 WL 2277094, at *8 (D. N.J. 2008), and *Apex Global Partners, Inc. v. Kaye/Bassman Intern. Corp.*, No. 3:09-cv-637-M, 2009 WL 2777869, at *3 (N.D. Tex. Aug. 31, 2009)). The most commonly cited factors as to whether someone was acting as a broker with respect to a given transaction are: “whether a person (1) works as an employee of the issuer, (2) receives a commission rather than a salary, (3) sells or earlier sold the securities of another issuer, (4) participates in negotiations between the issuer and investor, (5) provides either advice or a valuation as to the merit of an investment, and (6) actively (rather than passively) finds investors.” *Id.* at 1334. “[T]ransaction-based compensation” is one of the hallmarks of being a broker-dealer. *Kramer*, 778 F. Supp. 2d at 1336 (citing *Cornhusker Energy Lexington, LLC v. Prospect St. Ventures*, 2006 WL 2620985, at *6 (D. Neb. 2006).

deeproot Entities by new investors. The Finder Fees were paid to Finders from Policy Services, Inc. regardless of where the new investor invested the monies. Generally, Finders Fees were paid based on the below investment levels. The transaction-based Finders Fees are directly tied to the amount of the investment.

- i. The Fee for the 575 Periodic election ('the 575-P') shall be calculated as \$7,000.00 (the 575-P base rate) for each \$100,000.00 of principal.
- ii. The Fee for all other Securities shall be calculated as \$8,000.00 (base rate) for the first \$100,000.00 of principal, and an additional \$500.00 (to the previous incremental fee amount) enhancement for each additional \$100,000.00 of principal invested.
- iii. Any principal that does not give rise to a consideration of a fee may be paid at a later time as *hanging surplus*, as provided in (c) below.
- iv. Example #1: if an Offeree invests \$125,000.00, the Fee would be \$7,000.00 for the 575-P, or \$8,000.00 for all other Securities; with a potential hanging surplus of \$25,000.
- v. Example #2: if an Offeree invests \$286,000.00, the Fee would be \$14,000.00 for the 575-P, or \$16,500.00 [\$8,000 + \$8,500] for all other Securities; with a potential hanging surplus of \$86,000.
- vi. Example #3: if an Offeree invests \$499,999.99 the Fee would be \$28,000.00 for the 575-P, or \$35,000.00 [\$8,000 + \$8,500 + \$9,000 + \$9,500] for all other Securities; with a potential hanging surplus of \$99,999.99.

a. Finder Agreements with Defendants

22. From March 6, 2016 to August 26, 2019, Metropolitan CMG received \$57,500.00 from Policy Services, Inc. (the "**Metropolitan CMG 544 Transfers**"). A true and correct copy of Policy Services, Inc.'s QuickBooks records showing the Metropolitan CMG 544 Transfers is attached hereto as Exhibit B.

23. During the four years preceding Petition Date, Metropolitan CMG received \$14,000.00 from Policy Services, Inc. (the "**Metropolitan CMG 544 CF Transfers**"). A true and correct copy of Policy Services, Inc.'s QuickBooks records showing the Metropolitan CMG 544 CF Transfers is attached hereto as Exhibit C.

24. Based on the records available from the records of the Texas Secretary of State, Carter was the principal of Metropolitan CMG. A true and correct copy of the Texas Secretary of State record for Metropolitan CMG is attached hereto as Exhibit D.

25. A review of the Debtors' books and records revealed that Carter executed numerous Finder Agreements with deeproot Funds, LLC. Specifically, Carter signed five (5) Standard Four Month Finder Agreements in his individual capacity (the "**Finder Agreements**").

26. The Finder Agreements provided that Carter would receive Finders Fees for locating new investors for the Subsidiary Funds. The financial books and records of deeproot Funds, LLC show that Metropolitan CMG received the Finders Fees and Carter did not. Carter was the principal of Metropolitan CMG and signed all of the Finder Agreements on Metropolitan CMG's behalf.

27. Carter is not currently registered as a broker-dealer with FINRA. Metropolitan CMG is not a registered firm with FINRA.

V. CAUSES OF ACTION

28. The Trustee brings this adversary proceeding to recover these fraudulently transferred funds for the benefit of creditors of Policy Services, Inc.

29. Paragraphs 1 through 27 are incorporated herein by reference.

40. Debtor Policy Services, Inc. was insolvent at the time of its creation and at the time of each of the Metropolitan CMG 544 CF Transfers or became insolvent as a result of the Metropolitan CMG 544 CF Transfers, in that (a) the sum of Policy Services, Inc.’s debts were greater than all of Policy Services, Inc.’s assets at a fair valuation; (b) Policy Services, Inc. was engaging in or about to engage in a business or transaction for which Policy Services, Inc.’s remaining assets were unreasonably small in relation to the business or transaction; or (c) Policy Services, Inc. was intending to incur, or believed or reasonably should have believed that it would incur debts beyond its ability to pay such debts as they became due.

41. There was no capital infusion at the time Policy Services, Inc. was created.

42. Policy Services, Inc. had at least one outstanding creditor at the time of each of the Metropolitan CMG 544 CF Transfers, or such creditor’s claim arose within a reasonable time after

requests that any judgment include an award of the costs and attorneys' fees incurred by the Trustee in connection with prosecuting this Complaint.

48. Prior to filing suit, the Trustee has made demand on the Defendants. The demand has not been met. All conditions precedent to filing suit have been satisfied.

49. Furthermore, the Trustee requests an award for such attorneys' fees and costs incurred in the filing and prosecution of this Complaint to the extent allowed under the Bankruptcy Code and Texas law. *See* 11 U.S.C. §§ 105(a), 544, 550(a), and Tex. Bus. & Com. Code § 24.013.

INSTRUCTIONS

The filing of a bankruptcy case creates an "estate" under the jurisdiction of the bankruptcy court which consists of all of the property of the debtor, wherever that property is located. Because the bankruptcy estate is so extensive and the jurisdiction of the court so broad, there may be lawsuits over the property or property rights of the estate. There also may be lawsuits concerning the debtor's discharge. If such a lawsuit is filed in a bankruptcy court, it is called an adversary proceeding.

A party filing an adversary proceeding must also must complete and file Form 104, the Adversary Proceeding Cover Sheet, if it is required by the court. In some courts, the cover sheet is not required when the adversary proceeding is filed electronically through the court's Case Management/Electronic Case Files (CM/ECF) system. (CM/ECF captures the information on Form 104 as part of the filing process.) When completed, the cover sheet summarizes basic information on the adversary proceeding. The clerk of court needs the information to process the adversary proceeding and prepare required statistical reports on court activity.

The cover sheet and the information contained on it do not replace or supplement the filing and service of pleadings or other papers as required by law, the Bankruptcy Rules, or the local rules of court. The cover sheet, which is largely self-explanatory, must be completed by the plaintiff's attorney (or by the plaintiff if the plaintiff is not represented by an attorney). A separate cover sheet must be submitted to the clerk for each complaint filed.

Plaintiffs and Defendants. Give the names of the plaintiffs and the defendants exactly as they appear on the complaint.

Attorneys. Give the names and addresses of the attorneys, if known.

Party. Check the most appropriate box in the first column for the plaintiffs and in the second column for the defendants.

Demand. Enter the dollar amount being demanded in the complaint.

Signature. This cover sheet must be signed by the attorney of record in the box on the second page of the form. If the plaintiff is represented by a law firm, a member of the firm must sign. If the plaintiff is pro se, that is, not represented by an attorney, the plaintiff must sign.
